OUR JOURNEY TOWARDS RAISING THE STANDARD

 1872	Standard Manufacturing Co. perfected a process to coat pulverized enamel onto a hot steel casting to form a smooth, sanitary, easy-to-clean surface. Modern Bathroom Was Born	 1926	Two industry leaders merged and formed the foundation of today's American Standard. Mega Merger formed One-Stop Shop	 1950s	Economic prosperity led to several new product developments - long-lasting oak-free ceramic disc valves, labor-saving, lightweight, Americare® tubs and sinks, and Sensorkum, the first tub with electronics that controlled in-home appliances. New Product Development Breakthroughs	Eljer + JADO + FIAT PRODUCTS + Percher 1990s - 2000s	In 2013, American Standard joined the LIXIL Group Corporation. Headquartered in Japan, LIXIL is a global leader in the building materials and housing industry and owns some of the most trusted brands in our industry including GROHE, INAX and DXV. Fresh Ideas for a New Generation
American Standard's position for plumbing began when John G. Phipps purchased a struggling tinware shop in Massachusetts.	 1880	Changed the face of America's homes by bringing colors to bathrooms and kitchens. Bringing Bold Looks Home	1929 AMERICAN RADIATOR & Standard Sanitary CORPORATION	With millions of war veterans returning home from WWII, a new suburban was born, and with it the American Standard's innovations soared, allowing the company to set new standards of safety, comfort & beauty for a growing population. Postwar Boom	1980s - 1990s 	Mergers and acquisitions expanded American Standard's product depth and reach. American Standard Brands	2013 LIXIL Link to Good Living
